2. Meet outside and stay together

Our outdoor meeting place (a specific location safely away from the home)

Trusted contact name and phone

3. Plan for anyone who needs help

Who needs help, who will assist, and who is the backup?

Plan for children, mobility needs, and hearing or vision needs before an emergency.

4. Routes and practice

Use the companion map to mark two ways out of each room where possible.

Keep doors and windows clear. Discuss safe options for upper floors; do not plan to jump.

Last drill / changes we need to make

Additional route or assistance notes

If the alarm sounds: leave immediately, meet outside, and call 911.

Stay out. Tell firefighters if anyone or a pet is missing. Never go back inside.

This worksheet stays with your household; it is not submitted to the fire company.
